GAGGENAU

wine climate cabinet Vario cooling Expressive series

213.4 x 45.7 cm

RVW417170

- Choose an interior presentation and lighting scenario that showcases your finest wines in the most captivating way and fits perfectly into your living environment
- Design your ideal cooling system with multiple combination options
- The dark brushed stainless steel makes an aesthetic statement, while oak wood celebrates wine's heritage
- Guided interaction via intuitive touch display
- Opening assist for door enabling seamless integration without handles

Highlights

Automatic tempering programmes (sensor-based) for achieving precise drinking temperature.

3 independently controllable climate zones, thereof 2 with automatic tempering programmes.

Consistent temperatures with exact control from +5 °C to +20 °C (manual mode) and from +3 °C to +20 °C (automatic tempering programmes).

Humidity control.

Low-vibration operation for optimal long term storage conditions.

Dark brushed stainless steel interior.

Fully extendable bottle trays with hidden telescopic rails and cushioned closing system.

Bottle trays made of oak wood and solid aluminium in anthracite.

Warm white and glare-free LED light concept for optimal wine presentation in all climate zones.

3 pre-defined light scenarios and individual light settings to perfectly integrate into living environment.

Opening assist for door with two options:

1. Push-to-open function for integration into handleless furniture front
2. Pull-to-open function to facilitate opening the door using a handle

Full touch TFT display.

Capacity 68 bottles (based on 0.75 l standard bottles).

Handling

Opening assist for door.

Cushioned door closing system.

User guidance through light and display responses during operation.

Automatic brightness adjustment based on ambient illumination when opening the door.

Easy accessible full touch TFT display with clear text.

Animated quick guides to assist appliance usage and maintenance.

Lockable door (with door lock RVA 420 010).

Technical features

Dynamic cold air distribution.

Automatic defrosting with defrost water evaporation.

IR-sensor for automatic wine tempering programmes.

Constant air purification by activated charcoal air filter in each climate zone.

UV protection (UV transmission: 19 %).

Rest mode certified by Star-K.

When rest mode is active, the appliance can only be opened using a handle.

Open-door and malfunction alarm.

Selected digital services (Gaggenau Home Connect)

Remote control and monitoring.

Software updates.

Personalisation function for saving custom automatic tempering programmes.

Pre-defined light scenarios with individualisation possibility (Favourites).

Features

10 bottle trays, thereof 8 fully extendable.

Space for max. 11 bottle trays.

Flexible interior configuration possible with a variety of special accessories.

Storage of Magnum bottles possible on every tray (up to 2 Magnum bottles).

Optimal wine presentation with warm white and glare-free, hidden LED light bars (3000 K) in each climate zone.

Removable oak wood tray for presenting open bottles or decanters.

Presenter to stage one wine bottle.

Total volume: 280 litres.

Consumption data

Energy efficiency class F at a range of energy efficiency classes from A to G.

Energy consumption 121 kWh/year.

Noise level 38 dB (A) re 1 pW.

Planning notes

Flat hinge.

Door hinge right, reversible.

Door opening angle of 115°, fixable at 90°.

Max. door panel frame weight 74 kg.

No transport/operation above 2000 m sea level.

Connection

Total connected load: 0.300 KW.

Connecting cable 3.0 m, pluggable.

A: Electrical connection

Maximum door panel dimensions are based on a clearance of 3 mm

The height of the plinth can be reduced to 50 mm

Measurements in mm

Niche width 457 mm

The door panel thickness is 19 mm

The maximum door panel dimensions are based on a clearance of 3 mm, based on a single niche

A: The width of the lateral frame parts can be between 74 mm and 82 mm
